

WHITE COUNTY BOARD MEETING

JUNE 13, 2016

9:00 A.M.

A regular meeting of the White County Board begun and holden this 13th day of June 2016 in the Courtroom of the White County Courthouse in the City of Carmi.

Chairman Trout called the meeting to order at 9:00 a.m.

Clerk Dozier called the roll with Doshier, Ray, Usery, Puckett and Trout all present.

Chairman Trout asked the Board if they had received the minutes of the previous meeting and were there any additions, changes or deletions. Mr. Ray made a motion that the reading of the minutes of the previous meeting be waived and that the minutes of the previous meeting be approved as proposed in writing. Motion seconded by Usery. Motion passed 5-0 on roll call vote.

Chairman Trout asked the Board to approve the payment of all current bills. Mr. Usery made a motion to pay all current bills, seconded by Puckett. Motion passed 5-0 on roll call vote.

Report from County Officers.

Mr. Adam Allen stated that the Ambulance had turned in \$15,968.30. Mr. Allen stated that they have noticed that there was a price increase with the waste disposal and renegotiated their contract and should roughly save \$2700.00 a year. He also presented the board with a copy of what the Ambulance will be submitting as a refusal bill for services. Mr. Allen also stated that they have been talking to Zoll medical about new monitors that they run on the trucks. They will need 2 new monitors and one spare, totaling to roughly \$97000.00. He stated that with the trade in of the older monitors it would take the price down to roughly \$90,000.00. The new monitors would allow them to upgrade to a 12 unit lead and would allow them better patient care and allows them to transmit the patient information to the hospital. This is just a proposal but is something that needs to be done. Mr. Allen stated the he appointed Mr. Chris James as Assistant Director and lead medic and has been working with him. Mr. Allen then introduced Mr. Michael Funk from Deaconess Hospital, who he has been meeting with about the proposal of switching our EMS system to Deaconess from Heartland. Mr. Allen stated that Deaconess would work better for our service due to the fact of location and the number of times that service has been taken there. Working with Deaconess should save time and man power with the switching of medicines. Mr. Doshier stated that this was the Ambulance's decision on switching resource hospitals and he and Mr. Usery thought that it would be beneficial to the County to hear the presentation from Deaconess. Mr. James said that using Deaconess as the resource hospital would allow them more control with patient care and more resources to help EMTs. Mr. Trout asked if there would be any additional cost that goes along with switching hospitals and Mr. Allen said that there may need to be some equipment updated, but that would have to be done evidently, but there was no cost associated with using Deaconess as a resource hospital. Mr. Funk stated they have several Southern Illinois Ambulance Services using them as a resource hospital and they can provide education to the EMTs. Dr. Porter thanked the board for allowing them the opportunity for them to address the board and he stressed the importance of Southern Illinois to the hospital and what they can do to help the county. Dr. Porter also informed the county that they have other resources that work with each other

and it is nice that they can share those resources with the county. Dr. Porter also stated they would do everything they could help with looking into the cost of equipment. Mr. Allen stated that the Ambulance Service is currently running as an ILS service and by switching hospitals it would upgrade the service to a Paramedic Service and would upgrade protocol and providing better patient care. Mr. James stated that by being a Paramedic Service they are allowed to provide more patient care and time saved. Mr. Allen stated that they have issues with trucks in Norris City and that the Norris City Ambulance was currently put on hold while they are dealing with switching resource hospital.

Mr. Maier stated that the jail had 21 Federal prisoners and that the jail income was \$55,399.40. Mr Maier further stated that they have entered into an agreement with the United States Marshall's Office and they can now house federal inmates from the state of Indiana.

The next 9-1-1 meeting will be held on July 18, 2016 at 6:00 p.m. in the Courtroom.

Mrs. Sara Hon with the Tuberculosis Office stated that they were having a quiet year so far. They have had some problems with the transition from Old National Bank to First Mid Illinois Bank & Trust, but everything has worked itself out.

Mr. Chris Marsh stated that he has submitted his report and that there was questions of him having a new secretary and it is just a probation office employee that is using his office.

Mr. Randy Frashier came before the Board asking that several parcels be deeded to the Village of Maunie. Mr. Frashier stated that these parcels have been up for auction on the last two sales with no bids. Mr. Frashier stated that there is an abandoned garage on parcel of ground and old house on another. The Village would like to clean up the properties and sell them and get them back on the tax rolls. Mr. Frashier stated that he talked to Mr. Schrimpf with Joseph Meyers & Associates and they were willing to work with the board. Mr. Trout stated that he and Mrs. Dozier have done some research that Joseph Meyers & Associates were not willing to give up what they had invested in the parcels. Mr. Aud asked about what the tax implications would be for the school district on what happens with the property. Mr. Doshier wanted to make a request to table the decision for 30 days and let all the questions soak in because the decision that is made is going to set a precedent and more research needs to be done. Mr. Doshier made a motion to table the potential sale of the property for 30 days, seconded by Usery. Motion passed 5-0 on roll call vote.

Chairman Trout asked the Board to consider the annual Prevailing Wage Resolution:

Explanations

WHITE COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.
